

MARKET APPLICATION INDUSTRIAL HEMP

Since 1969, OASIS[®] Grower Solutions has been helping professional growers with propagation products and protocols. Our scientific approach to developing products specifically for optimum crop growth has led to developments like our Terra Plug[®] bonded media, Rootcubes[®] media and Fertiss eS biodegradable paper wrapped loose-fill media -- all three of which directs hemp roots downward for rapid development. We focus on developing media with the perfect ration of air-to-water to ensure overall plant growth and productivity.

PROPAGATION MEDIA OPTIONS

TERRA PLUG WITH SOAX[®] ADVANCED

A bonded media derived from coir and coarse peat produced uniquely to provide high drainage in the root zone and promote fast rooting and greater root mass. Terra Plug is pre-dibbed for easy stick of cuttings.

ITEM #	DESCRIPTION	PLUGS PER	ITEMS PER
87-61050	Terra Plug 50 Ct Cell	17600/PLT	352/PLT
87-61050D	Terra Plug 50 Ct Round Deep Cell	11200/PLT	224/PLT
87-61072	Terra Plug 72 Ct Cell	23616/PLT	328/PLT
87-61105	Terra Plug 105 Ct Cell	37800/PLT	360/PLT
87-61072D	Terra Plug 72 Ct Deep Cell Standard Depth	224/PLT	16128/PLT

ROOTCUBES[®] WEDGE

A sterile/inert media engineered to provide plants the optimum air to water ratio required for optimal rooting.

ITEM #	DESCRIPTION	PLUGS PER	ITEMS PER
87-50013	Rootcubes Wedge Strip 13 Ct Cell	2912/CS	224/CS
5625	Rootcubes Wedge Double Strips 34 Ct Cell	2448/CS	72/CS
5010	Rootcubes 104 Ct Cell	2080/CS	20/CS

MARKET APPLICATION INDUSTRIAL HEMP

FERTISS ES

A bio-degradable, paper wrapped loose fill media that allows air to surround the rootzone and provide an ideal rooting environment.

ITEM #	DESCRIPTION	PLUGS PER	ITEMS PER
87-34026	Fertiss Round Cell Strips eS 26 Ct Cell	26312/PLT	1012/PT
87-34050	Fertiss Round Cell eS 50 Ct Cell	16000/PLT	320/PLT
87-34072	Fertiss Square Cell FL eS 72 Ct Cell	34560/PLT	480/PLT
87-34105	Fertiss Square Cell FL eS 105 Ct Cell	42000/PLT	400/PLT
