

AEROSOL COLOR SPRAYS & DYES

COLOR SPRAYS & DYES

DESIGN MASTER®

Created to Transform Plants,
Greens and Flowers with Color

Capitalize on color and give your crops a competitive edge with Design Master® premium aerosol color sprays and dyes. Design Master® aerosols give life to creativity and transform plants, greens and flowers into colorful crops that command attention. Available in an extensive palette of opaque, semi-opaque and transparent paint sprays as well as transparent dye sprays, Design Master® aerosols cover your year-round and seasonal color needs, from small-scale projects to larger applications—including flocking holiday greens.

Applications

Ideal for adding season-extending, eye-catching color to plants, greens and flowers from poinsettias and autumn specialty crops to tropical foliage, succulents and spring bulbs.

Features & Benefits

- + Convenient aerosol sprays, in paints and transparent dyes, enhance natural colors or transform plants to go beyond what breeders and nature provide.
- + Versatile, fast-drying color sprays provide growers with options to control impact and intensity, from sheer translucent color to full color coverage.
- + Easy-to-use, ultra-fine aerosol mists provide options for creative techniques including layering, blending, color shifts, color gradients or new color creations.
- + Durable and long-lasting aerosol paint and dye sprays provide growers with plant-centric color solutions safe for plants, foliage, bracts and flowers.
- + Premium aerosol color sprays and dyes also add color to non-plant surfaces, including ceramic pots, plastic containers, wicker, metal and wood.
- + Aerosol sprays offer a broad range of possibilities, with colorful paint sprays, transparent dye sprays, metallic paint sprays, glitter sprays and more.

Transforms your plants, greens
and flowers with color

Gives life to ideas that
colorfully set your crops apart

Provides options to conceal
imperfections or let details
shine through

Enhances natural plant colors
or expands nature's limits

Creates one-of-a-kind offerings
for your retail customers

Product Specifications

Product Description: Design Master® aerosol color and dye sprays provide growers with convenient solutions for transforming plants, greens, bracts and blooms with color. As with any foliage treatment, always test new plant varieties before large-scale applications.
